

WILDERNESS ADVENTURES ALL YEAR LONG

ABOUT US

The Frederick Sprague Barbour Scout Reservation, Connecticut Rivers Council's only designated "Wilderness Camp," spans 106 forested acres in Norfolk, CT. Campers immerse themselves in a traditional experience, backpacking in supplies, pitching tents, and cooking over an open fire.

Facilities include year-round water, latrines, and stone fire rings for troop cooking and more.

The camp encourages Leave No Trace skills and is suitable for Cubbing events like day hikes and wildlife observation.
